POLO GROUNDS, New York, Oct. 5.—Carl Mays, sturdy underhand twirler of the Yankees, turned the Giants back this afternoon in the first game of the world's series, winning it 3 to 0 with 30,000 fans looking on, the Yankee ace left the Giants down with five hits while his mates held up their end of the game. Douglas pitched a great ball despite the score got good support from his teammates who found Mays no more than a Chinese puzzle.

Mays was expected to prove a hard hurdlor for the McGraw men and he was all of that and more. Frankie Frisch, crack third sacker was the only member of his team to solve Mays successfully, getting four hits, one of which was a slashing triple in the sixth inning. His hit came after two were down, however, and he died on third base.

Babe Ruth, whose big bludgeon had done such effective work for the new American league champions all season, drove in the first run of the game when he poked a sizzling single to center field which brought Elmer Miller across the plate. Miller had beaten out an infield hit and was sacrificed to second by Peck. The lone single was Ruth's sum total of glory for the day, however, as he walked on his second trip to the plate and struck out twice trying to murder Douglas' curve ball.

The Yanks scored their second run in the fifth. McNally started the inning with a corking double and Schang sacrificed him to third. While Mays was batting the speedy McNally stole home on Douglas when the big fellow wound up. In the sixth frame Peck rapped a sharp bouncer to Bancroft in deep short. It went for a hit. Peck then took second on a passed ball. Ruth followed his captain by whiffing, but Bob Meusel knocked out a triple to left center and Pipp came home with the Yanks' last run.

TUESDAY CLUB MAY BUY FOUR LOTS FOR NEW HOME

Location at Lexington and Central Is Submitted to Members for Approval

A matter of great importance to members of the Tuesday Afternoon club, which was taken up at yesterday's meeting, the first of the winter season, although not previously scheduled for that time, was the question of purchasing property at Lexington Drive and Central avenue for the site of the future clubhouse of that organization and which was passed on favorably by the members present.

After the president, Mrs. C. E. Hutchinson, thanked the club members for the hearty reception extended her and with a few appropriate words of greeting, she stated that just at the last few minutes before the opening of the club session a matter of importance had come up which it was necessary be decided upon immediately.

Mrs. Hutchinson then told of the meeting of the building committee last Friday and of the appointment of another committee which had conferred with a real estate dealer and others regarding a possible site for the Tuesday Afternoon clubhouse, as it was thought that at the present time the site now owned by the club at Brand boulevard and Lexington Drive was too valuable to be used for that purpose, in view of the offers which have already been made for this piece of property.

This special committee after viewing property in various sections of the city found that at Central and Lexington provided the largest area at a corner and was the most centrally located.

ASK LINEBERGER TO GET LOCAL POSTOFFICE

Secure Results or Business Men Will Be Forced to Take Action, Is Warning

Either Glendale gets an independent postoffice through the efforts of Walter F. Lineberger, congressman from this district of California, or business men of this city will go to Washington, D. C., and get it for themselves.

Such is the ultimatum laid down in a letter dispatched yesterday to the congressman by James M. Rhoades, secretary of the Glendale Chamber of Commerce, with the unanimous approbation of the board of directors.

Following is the text of the letter: Full Text of Letter

"Some months ago this Chamber of Commerce wrote you relative to the independent postoffice at Glendale. "Our Mr. W. E. Evans personally carried a petition to you, addressed to the fourth assistant postmaster general, asking for an independent postoffice and stating the reasons therefor, and signed by more than 2,000 of the most interested citizens—heads of families—of this city. We had an acknowledgement from you that this petition was received, also that both Mr. Evans and yourself had presented it to the postoffice department. Since then we have heard nothing from the department, nor from you, regarding the matter.

"We have been informed that a government postoffice inspector was in Glendale some weeks ago, but as far as we can ascertain he only interviewed a few of our people. Some of the principal persons he held an interview with were those whom we feel reasonably sure are not in favor of an independent postoffice for selfish reasons best known to themselves. This inspector never came near the Chamber of Commerce, who is the "guiding spirit" in this matter, and many prominent business men here who are also deeply interested, and we are sure his investigation did not and could not obtain for him the true sentiment of our people; and on an investigation of this kind we are also sure he could not and will not make a favorable report to his chief on this question.

"Now, Mr. Lineberger, the people of this city are looking to you for relief in this trying hour. Glendale is a city approaching in population well onto the 30,000 mark. We are increasing at the rate of 1,000 per month and we have no one to whom (Continued on Page 2)

COUNTY UNIT PLAN IN SCHOOLS NOW BEING URGED

G. B. Woodberry Writes About
Bond Issue and Suggests
Careful Consideration

Editor The Evening News—In Monday's issue of The Evening News W. H. Reeves, city manager, is quoted as saying that "Increased facilities for our school children are imperatively demanded at this time." This statement is absolutely true and cannot be successfully denied. It would seem that every thinking person in the city must concede the point.

However, when he is further quoted to the effect that "When the bonds are voted, no taxpayer need fear any suspicion of waste or extravagance in the expenditure of these funds, etc., a desire arises for further information substantiating and confirming this statement, also shedding a little more light on his point of view and his definitions of "waste" and "extravagance." It is a matter of quite recent history that the sum of \$100,000 has been spent on one of our grammar school districts, namely the Broadway school, with the result that the "facilities" were so "increased" that the additional pupils over those formerly accommodated at this school had to be taken care of in the janitor's room.

Suggestion Is Made
From the point of view of many taxpayers, who earn their money by their own efforts and who also desire to fully provide for the necessary education of their children, the present tendency of educational circles in California towards political domination and the spending of huge sums is deplorable not only in that it is a grievous financial burden but, if continued in, is quite likely to have a reactionary effect which may go beyond proper limits.

As criticism to be effective should be constructive I would earnestly suggest to the people of Glendale to acquaint themselves with and get behind the "County Unit" plan, or a similar one, presented at the last session of our legislature by Jona-

Arthur Campbell Has Desirable Place for Location of School

The selection of the site submitted by him for the consideration of the high school board is recommended by Arthur Campbell, realtor, 110 East Broadway, who remarked that he considered it the most desirable site in the city for the purpose.

This property is bounded on the east by Glendale avenue, on the north by Monterey road and on the west by an extension of Geneva street. A block of lots about 120 feet deep fronting along Doran street are held by the Thom interests. Ten acres of the plot under consideration are owned by Joe Pagliuso and the other ten by Judge Ross of Los Angeles.

No definite arrangement has been made about the price yet because Judge Ross is in San Francisco and will not return for several weeks. However, Mr. Campbell is of the opinion that there should be no trouble in obtaining the property if the school board decided that it wanted this site.

Sensitiveness to high-pitched sounds generally weakens with age. Many old people cannot hear the shrill squeak of a bat.

than Dodge, former county supervisor.

Let us give the schools of the county with their millions of expenditures into the hands of a county body consisting of well paid individuals selected for their qualifications and get away from the present wasteful archaic method handed down from the old-time "deestrick" schools of the days of the Pilgrim Fathers.

Would Save Big Sum
In addition to many other benefits accruing from such a change, Mr. Dodge estimated that the money saving arising from the adoption of his plan would exceed a million dollars a year in Los Angeles county, and I know of no man who is better qualified to judge.

George Horace Lorimer, editor of a Philadelphia publication, says in the current number:

"More than one great nation has been ruined in the past by government waste and taxes. We have made a fine start."

Yours for an adequate school system, free from politics and extravagance.

Committee Urges Improvement
In School System; Letter
Is Coming From Board

(Continued From Page 1)
the opening of a door in a partition of one of the rooms on the south side of the building on the second floor so that the children from the room at the southeast part of the building could more easily reach the fire escapes would cost \$37 for material and that if the board authorized these improvements work would be started on them immediately. A motion to this effect carried.

Better Protection
It was stated that the replacement of the fire hose has already been authorized by the board and that the city manager has assured the board that the larger water main on Brand boulevard is on the way.

A communication from City Manager W. H. Reeves also stated that the city would run a four-inch water main from across the street to the school property and the members of the school board authorized Mr. White to either have the city install the pipe inside of the school property, if this can be legally done, or to have it done by private work.

In regard to the electric wiring in the building it was decided that investigation shall be made as to the cost of repairing this in such a way as to eliminate the present fire hazard from this cause.

JESSE E. SMITH GETS 'EM

Jesse E. Smith, the Ford man, Al Land, Ford salesman, and Jack Cook of the Cook confectionery, 128 S. Brand boulevard, are still talking about the ducks they potted Saturday morning on the first day of the open season at Baldwin Lake. Mr. Smith says that there were plenty of ducks there but that they are all gone now as they didn't have a chance with the battery of machine guns carried by duck hunters who flocked to the neighborhood.

Monte Vista Home Committee Meeting Plans for Dance

Members of the committee of Glendale women for the Monte Vista Home for poor and undernourished children of Los Angeles county met last night at the home of Mrs. Ella W. Richardson, 315 North Brand boulevard, under the direction of the president, Mrs. R. W. Meeker. It was decided that a Halloween dance would be given October 28 at the Pearl Keller hall. Invitations and tickets may be procured from the patronesses, the list of which will be announced later. Mrs. E. W. Kinney was appointed chairman in charge of invitations and Mrs. R. E. Chase chairman in charge of tickets. The indebtedness for remodeling and improving the home at Monte Vista still amounts to about \$300, and it is to help clear this off that the dance is to be given.

Mrs. Meeker told of the splendid reports which have been received by the county council of community service, which is in charge of the home. Over 520 children have enjoyed the summer at both the summer camp at Playa del Rey and at Monte Vista. The latter home is to be made an all year around camp instead of just for the summer. Mrs. Meeker stated that there was still need for a sewing machine, porch chairs, couches, waste paper baskets and high chairs at the home.

Broadway Shoe Store Sale Is Big Success

Crowds thronged the Broadway Shoe store at 312 East Broadway this morning when \$20,000 worth of shoes were thrown on the market at less than half the regular prices by Baines & Eckleberger, proprietors. The Pacific Sales company, which is conducting this great merchandising event, used The Glendale Evening News exclusively to bring out the buyers and the success of the sale indicates the pulling power of this paper.

C. OF C. DIRECTORS ASK LINEBERGER TO GET ACTION

Demand Congressman Become
Busy and Secure Results;
Ultimatum Is Issued

(Continued From Page 1)
we may look in this matter but our representatives in the Halls of Congress for this particular thing that our city so much needs.

"While we have sent you a petition of more than 2,000 names, we are positive that we can send you another petition of 20,000 names if you require it. Perhaps not all heads of families, but 99 per cent of our population are strongly in favor of an independent postoffice here, and as free American people we propose to have a hearing on this proposition, let it cost what it may.

"In speaking frankly to you, Mr. Lineberger, it is prominently in the minds of many of our most important people that Los Angeles does not want to lose Glendale as a branch postoffice, and that you are dictated to by Los Angeles' influence to the detriment of Glendale. We hope that our citizens who have this idea in mind are incorrect, but it will take evidence to remove that doubt.

City Pays for Privilege

"We feel that you are a representative of ALL the people of your district, impartially, and we know that your influence at Washington is such that if you will assert it this government under which we live will not deny to 25,000 or more red-blooded American citizens that which is due them and that which every city of any magnitude is entitled to—the enjoyment of a postoffice to serve them when they pay for the privilege of having it.

"Our people are becoming impatient on this question and we propose to that if our representatives in Congress cannot obtain for us such a needed thing as we are now asking and to which we are entitled, that we shall be compelled to send a committee to Washington and go clear to President Harding if necessary. This is not a threat. Mr. Lineberger, it is the frame of mind which our people are in and which they have been in for a long time—and the matter is becoming unbearable to them and some relief must be granted.

"The Chamber of Commerce consists of 1,000 members. All of our leading business and professional men are aligned with the Chamber of Commerce, and as their spokesmen, I appeal to you in all friendship and justice that you let us know the exact status of this proposition and say frankly in your own mind whether you are going to be able, as our representative in Congress, to obtain this postoffice for us, as we do not like to go to the expense and discommodate our biggest business men in making a trip to Washington unless it becomes necessary.

"You have Senator Johnson and Senator Shortridge to assist you, and the people of Glendale will not be reconciled to the statement that our United States Senators and your good self are without power enough to induce the postmaster general to grant to our people the things they are entitled to as American citizens. This matter, we are informed, is one of the prerogatives of the Congressman, and we are loath to present it to our U. S. Senators until such time as our people are convinced that you cannot obtain the hoped-for results.

"May we have the honor of hearing from you on this question."

Rupert Hughes' Story of Mother Love at T. D. & L. Theatre

One of the finest casts ever as-
sembled will be seen in "The Old
Nest," the Rupert Hughes story of
mother love and American family
life, that will be shown at the T. D.
& L. Theatre for three days, begin-
ning Thursday. The story is a film
version of a short story that ap-
peared in the Saturday Evening Post,
and was produced by the Goldwyn
company.

The director, Reginald Barker, is
well known for the many fine pro-
ductions he has made for Goldwyn.

In the cast Mary Alden plays the
leading role, that of the mother, who
appears first as the young matron
with her six children of school age.
Then, a little older, with greying
hair, she is their companion and ad-
visor. Finally, they grow to man-
hood and womanhood, leave the old
nest and strike out into the world
for themselves. Here, the poignancy
of Miss Alden's acting as the old
mother is irresistible.

Buster Keaton's latest comedy
scream, "The Playhouse," (life be-
hind the footlights), will be a spe-
cial added attraction.

CHANGE TO BY-LAWS ARE DECIDED ON BY MUSIC CLUB

Five Classifications Fixed for
Membership; Concert on
Next Friday Night

A meeting of the officers and ac-
tive members of the Glendale Music
club was held in the music room of
Glendale Union High school Mon-
day night, Mrs. Mattison B. Jones
presiding. The principal business
taken up was the adoption of amend-
ments to the by-laws in regard to
the change in classification of mem-
bership. Heretofore the member-
ship has been divided into two
classes, the active and associate.

The amendment adopted at Mon-
day night's meeting changes this
into five classifications, active,
affiliate, subscription, honorary and
auxiliary membership.

The active membership is open to
any citizen who has received a music
degree or who by private work has
reached a similar degree of profi-
ciency, or who may be recommended
by the board of directors because of
some distinguished work or extra-
ordinary service rendered in music
work.

Membership by Invitation

Active and affiliate membership
is by invitation only through the
membership committee. Any citizen
is eligible to affiliate membership
who has been or is a music student,
teacher or performer, and who is
recommended by the membership
committee or the board of directors.
Affiliate members will also serve on
committees and appear on programs
when requested by the board of di-
rectors.

Subscription membership is open
to all who love music and desire to
support the concert series of the club
by becoming a member. Subscription
members will also not be required to
serve on committees and will not
vote or hold office in the club.

In regard to honorary life mem-
bership, it was decided that these
shall only be given in recognition of
distinguished service and may be
conferred upon not more than two
persons during the year.

Year books of the club will be dis-
tributed to members in good stand-
ing just before the concert Friday
night, October 7, in the high school
auditorium.

Dr. Henry R. Harrower Buys Haines Ampico

Dr. Henry R. Harrower wants
that he wants when he wants it.
Lately, he has been spending consid-
erable energy fitting up his new lab-
oratory on East Broadway in a style
befitting the dignity of the insti-
tution. He was not content to set
aside a room as a lecture room and
club for his employees, but decided
that it must have a piano. There
was only one kind of a piano which
would do—and that was the very
best obtainable, he said.

Now, Dr. Harrower is a business-
man, a singer, too, as well as a phys-
ician. Did he rush into the nearest
music store and order the first piano
in sight delivered? He did not! He
made a thorough investigation; he
shopped considerably, and when he
was ready to place his order he knew
something about the music business
as well as his own.

The Barnes-Shuck Music company,
211 North Brand boulevard, finally
landed his order for a Haines piano.
There was an unusual amount of re-
joicing in this music firm.

Yesterday Dr. Harrower called up
and informed Al Barnes that he had
decided not to take the Haines piano
after all—he ordered a Haines
ampico, a reproducing piano, costing
\$2750 instead of \$1750.

ALHAMBRA VISITORS VALLEY AUTO TRADE ARE SQUASHED BY LOCAL MIDGETS

Glendale Opens Football Year by Taking Game; Rooters Give Loyal Support

With a crowd of about 500 rabid rooters cheering them on the Glendale Union high school Midgets, which is composed of players weighing 130 pounds or less, opened the local football season yesterday afternoon by walloping the Alhambra lightweights to the tune of 12 to 0. The contest marked the ushering in of the lightweight division of the Central league, which will be conducted in the same manner in which the first teams are staged.

From the remarkable showing made yesterday Coach Butterfield has assumed a much more optimistic role than he has heretofore exhibited. Many students are already predicting the pennant for the Minutemen.

The game was a fight from the start to the finish. Glendale's two touchdowns coming as the result of some brilliant end runs and off tackle plays by White, Roberts, Badour and Gingery, who constituted the first string backfield. Fred Hand, who substituted for Badour at right half, also showed up well, as did McKee and Horri, ends. Hand, who was the speediest player on the field, got away to two long end runs in the third quarter which ultimately resulted in a touchdown.

Locals Win Toss

The locals won the toss at the start, choosing to take a chance kicking. Burns booted the ball to the thirty-yard line, Alhambra's receiving being stopped after advancing five yards. The blue and gold athletes then plunged through Glendale's line for six yards on three downs. The next play was a long forward pass, which was intercepted on the fifty-yard line by Fullback White. From this point the locals marched down the field to the visitor's five-yard line, where they were halted by the timekeeper's whistle.

White opened the second quarter by kicking over the line for the first score. Gingery failed to convert the goal by a margin of about eight inches, the ball barely grazing the lower edge of the cross bar.

The remainder of the second period brought no more scoring, the oval being kept near the center of the field most of the time. The Alhambra rooters were given a ray of hope during this quarter when Allen, their diminutive right half-back, managed to squirm through Glendale's line and received to short passes for a gain of about fifteen yards.

Makes Line Plunge

The second and last touchdown of the game occurred in the latter part of the third quarter, when Roberts circled the right flank for twenty yards, making a desperate plunge over the line as he was being tackled. Gingery again failed to convert, the ball rolling along the ground for about ten feet.

Although neither team scored in the final chapter it was probably the best exhibition of real football that was displayed on the field throughout the game. The play went one way for a few yards, and then the other side would repeat the process in the opposite direction. The game ended with Alhambra in possession of the ball on Glendale's thirty-five-yard line.

The lineup: Alhambra—Burton, LER; Steinwehr, LTR; Klein, LGR; Kingman, C; Fox, RGL; Freis, RTL; West, REL; Rahn, Q; Allen, RHL; Aberhar, LHR; Ritter, F.

Glendale—McKee, LER; Seales, LTR; McClammy, LGR; Jeter, C; Morrison, RGL; Burns, RTL; Horri, REL; Gingery, Q; Roberts, RHL; Badour, Hand, LHR; White, F.

Officials—Referee, Hayhurst; umpire, Downey.

Kenneth Lewis, who is winning the reputation of being one of the best defensive halfbacks in the city, and Orbie Hatcher also played well.

People have been resuscitated after being under water as long as 40 minutes.

Glendale Dealers Attend Big Banquet In Pasadena and Learn of Co-operation

"Bob" Martland, secretary and dynamo of the California Automobile Trade association was the guest of honor last night in the Hotel Vista del Arroyo, Pasadena, at a special banquet attended by about 100 members of the San Gabriel Valley Automobile Trade association.

Glendale was represented at the meeting by Don Packer of the Studebaker agency, F. W. McClellan and Max Green of the Oakland agency, and A. W. Gregg and R. W. Herzel, of the Glendale Auto Body and Fender Shop.

The banquet itself was a 1922 model with all modern improvements and accessories including about six different forks. There were about nine courses or maybe twelve. Anyhow, they were all good. Course No. 1 consisted of toast disguised with a fancy covering of butter. There was some doubt at first as to whether this should be eaten or taken home as a souvenir tire patch, but the gustatory motors finally picked up a spark and the self-starters took hold and from then on until the demitasse the business of eating was very prominent.

Membership Benefits

John W. Maltman, former president and now attorney for the Auto Trades association, was introduced to the meeting as "Jack" by Toastmaster Joseph A. Moore, president of the San Gabriel Valley Auto Trade association, and made a brief talk on the purposes and benefits of membership in the organization. These he divided into four classes: Protection of members from vicious legislation, education of members in better business methods, development of co-operation between members of the organization and those who co-operate with them in business, and the development of good fellowship.

"It is absurd to think that we should attempt to do those things individually which can be done so much better as an organization," remarked Mr. Maltman. "I have been to quite a few meetings of this organization and attendance seems to be growing with every meeting. I have no doubt that the California Auto Trades association will always retain the place it now occupies. I understand that it is the best organization of its kind in the country."

Better Business Methods

L. H. Bennett, who is now supported in the field by automobile jobbers in order to encourage better business methods on the part of garage men and automobile dealers for the mutual benefit of both jobber and retailer, was introduced as a doctor of business—and proved to be that very thing.

In an interesting and forceful lecture, which held the attention of his audience every second, Mr. Bennett outlined modern tendencies in the automotive industry and corrective measures for the relief of cancerous evils. He made a special appeal for the adoption of better accounting systems and stated that not one auto dealer in ten kept a double entry of bookkeeping not one in 20 could tell where he stood at the end of each month. He also emphasized the importance of service and called attention to the business lost to the filling, lubrication and washing stations because they were prepared to give better service to the auto owner.

Methodist Church of West Glendale Hears Reports Year's Work

There was a meeting of the official board of the West Glendale Methodist church of which Rev. Dr. W. W. Cookman is pastor, held Monday night, with a large attendance of official members present.

The church year which closed on Sunday, September 24, is in a very prosperous condition with all obligations fully met and a surplus in the treasury. This church is very active along all lines of Christian work and the membership is larger, stronger and more intelligently hopeful than ever before and look forward with great encouragement to the next year's work, the reports showed.

Rev. Dr. Cookman announced with much regret that he expected to retire at this session of the conference. Shortly after the conference he and his family will move into their new and beautiful home on North Louise street.

Dr. Cookman has been pastor of the West Glendale Methodist church for the past three years which is the longest period for any minister in the history of the church. He has had the united co-operation of the people during his ministry here and it is with much regret, both on his part and that of the members, that he is retiring.

William MacMullin Witness to Fatal Accident at Races

Mr. and Mrs. William P. MacMullin of 215 North Brand boulevard and daughter, Miss Helen DeLaine returned Monday night from Fresno, where they had been attending the Fresno fair since last Thursday.

While in Fresno they attended the automobile and horse races. Mr. MacMullin in telling about the automobile races states that he witnessed the accident which resulted in the death of driver Soules and mechanic Barner. According to his version, Mr. MacMullin states that the machine, which was a Pontiac, crashed through a broken board, which threw it into the pit. In trying to right the machine it went off the side of the speedway and plunged seventy-five feet across a road into an alfalfa field, crushing the seat and the steering gear together. Driver Soules lived only two hours after the accident and the mechanic died an hour later.

The deceased is survived by a widow and two daughters in Hollywood and a son in Philadelphia.

HIGH SCHOOL TEAM AND FRESHIES OF OXY IN CLASH

Coach Hayhurst Puts Squad Through Heavy Workout for Friday's Game

Coach Hayhurst on Monday sent his local high school football team through their final practice game before the opening of the Central league season, the first game of which takes place on Friday afternoon of this week. Monday's opponents were the cleared shoe performers of the freshman class of Occidental college, the contest being played on Patterson field.

No score was kept, the affair merely being in the nature of a scrimmage for the players of both sides. The kick-off was eliminated, play starting in the middle of the field with Glendale in possession of the oval. Of the total yardage made during the afternoon's struggle the Peagreens gained about three-fifths, which is considered a good record for a high school squad to make against a college fresh team.

Former Local Players
Of the freshmen who took part in the contest two were formerly members of last year's Glendale championship team, Warren Meeker and Tom McNary. Meeker is one of the regular Peagreen's ends, while McNary, who functioned in the backfield for Glendale, was substituted at tackle for the beginners.

Glendale's lineup was as follows: Ends, Wilson and Goss; tackles, Fralley and Dutcher; guards, Bartow and Clous; center, Eiffler; quarter, Green; halves, West and McCourt; full, Stofft; substitutes, Truitt, Ryan, Terzo, Beggs, D'Armand, Gibson, Chase, Eastman.

There are about 130 species of bats, and these are distributed over every quarter of the globe.

CLUB WILL PRESENT CADMAN CONCERT FRIDAY NIGHT

Prominent Soloists Will Be on Program; Arranged by Glendale Organization

With the high standard which will be set by the Cadman concert to be given by the Glendale Music club at the first concert of the season members of the music club may judge of the wonderful treat which will be in store for them throughout the entire year. The soloists for Friday night's concert, which will take place in the high school auditorium at 8 o'clock, will be Charles Wakefield Cadman, American composer; Sol Cohen, concert violinist, and Miss Margaret Messer, soprano.

Oriental and Indian music are quite prominent among the compositions of Mr. Cadman, who is one of the most popular of the American composers. He is best known for his songs and ballads, but he stands high in general composition and has written in every form, from teaching pieces for children to operas and symphonic works.

Makes Large Success Sol Cohen, who will appear in concert with Charles Wakefield Cadman, is a pupil of Hubay of Budapest, of Sevek of Prague, Bohemia, and of several other of the great masters. He has appeared with success in many of the large cities of this country and Europe. During the past season he has made appearances before the Friday Morning club, the Ebell club, the MacDowell club, the Wa-Wan club, the Matinee Musical club and also with Mrs. Carrie Jacobs Bond at several concerts in Hollywood.

Miss Messer is a young Canadian soprano. She has done considerable operatic and concert work in Canada before coming to the United States and has attracted the attention of some of the best critics of Toronto and New York. Miss Messer appeared with great success with the Lyric club of Los Angeles last spring and caused a sensation with her voice and personality.

TUESDAY CLUB MAY BUY FOUR LOTS FOR NEW HOME

Location at Lexington and Central Is Submitted to Members for Approval

(Continued From Page 1)

committee, which stated that he had been authorized to offer the northeast corner of Lexington and Central, 90 by 200, for \$8,000 cash and also to offer the next 100 by 200 feet for \$6,500, making a total of \$14,500 for 190 feet on Lexington by 200 feet on Central. On that basis he stated that he was to receive a commission of \$400 and that as soon as the commission was paid in the case of a sale, he would immediately forward his check for that amount as his contribution to the Tuesday Afternoon clubhouse fund.

Mrs. Daniel Campbell, who was a member of the building committee, stated that an additional lot, 50 by 200, could be purchased adjacent to the property at Central and Lexington for the sum of \$2,150. A motion carried to the effect that the club purchase these four lots, after considerable discussion, and after the treasurer's statement showed that the club has in the treasury at this time \$3,000 on deposit, \$2,300 in liberty bonds and about \$700 in the checking account, other than amount taken in for dues yesterday and also checks which various sections have not as yet turned in. Petitions were then circulated to secure the necessary two-thirds vote which will be required before the final action can be taken and these were to be secured by today.

Laura Stevenson Spang, who delighted club members at one of the programs last year, gave a group of five very excellent soprano solos, accompanied at the piano by Mrs. L. N. Hagood.

Tells of Bond Election

Richardson D. White spoke briefly on the school bond election and urged the support of the club members.

Mrs. Hutchinson then introduced the curators of the various sections, as follows: Mrs. Harry Greenwalt, curator of the parliamentary law section. Mrs. Greenwalt stated that the work to be taken up by that section during the year is that of organization. The section meets the first and third Wednesdays of the month. She also stated that the section will put on a program about Christmas time and demonstrate the organization of a club.

Mrs. R. E. Chase, curator of the drama section, stated that the first meeting of that department of club work will be held at her home on Thursday afternoon, October 6 at 2:30 o'clock. The section meets the first and third Thursdays of each month at the homes of members, and for this reason is limited to a membership of thirty-five. She also spoke of the entertainment to be given by the section at the Glendale Theatre on November 11.

Mrs. A. H. Montgomery, curator of the Shakespeare section, stated that the first meeting of that section had taken place at her home Monday and that the next meeting will be held at the home of Mrs. B. O. Holbrook when the study of Richard II will be begun. The section is planning to put on some scenes from "A Midsummer Night's Dream," under the direction of Mrs. Ralston, the third week in January.

Mrs. F. L. Hollingsworth, curator of the literary section, stated that the first meeting would be held at her home, 462 Riverdale drive, next Monday. The study of Americanization will be taken up. Mrs. J. C. Danford of the library will speak. This section meets the second and fourth Mondays of each month at the homes of members.

Reports From Sections

In the absence of Mrs. C. L. Marlenee, curator of the music section, Miss Eva Daniels read a communication from her telling of the work to be taken up by that section during the year. The first meeting will be held Friday, October 14, at the home of Mrs. Marlenee, 301 South Central avenue.

Mrs. Anna Williams, curator of the legislative section, told of the purpose and aims of that section and stated that it would meet the second and fourth Tuesdays at 1:30 p. m. in the Masonic temple.

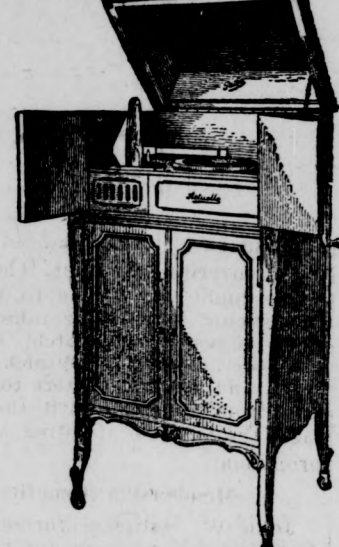

The new section of applied arts and crafts promises to be one of the most popular of the various activities, according to Mrs. R. W. Meeker, curator, who stated that she had received a great many inquiries from club members as regards the work to be taken up. The first meeting will be held at her home, 1320 East Colorado street, the second Thursday of the month. If the classes are sufficiently large the library building will be used for meetings thereafter.

Wrong Ideas on Paint Economy

THERE'S one way to save on paint. That way is to use the best of paint.

Some think of paint economy as "cost per gallon." That is wrong. Cheap paint doesn't cover as much surface—you need more gallons.

Cheap paint is more difficult to spread, requires more labor, so the best paint costs no more when you've put it on the house than cheap paint does.

More than that, it lasts five or more years longer, if properly applied, while cheap paint on the average begins cracking in twelve months. Good paint is an investment that saves money by preventing deterioration of the house.

"Cheap" paint is the only paint that really costs you anything.

Don't allow surfaces to rot—it costs less to paint them.

We've made paints for western use for 72 years. We use pure PIONEER WHITE LEAD, pure linseed oil, zinc and color, but we mix them in scientific proportions with long-time skill.

Our white lead base must be fine enough to pass through a silk screen with 40,000 meshes to the square inch. That means covering capacity and ease of spreading. We super-purify the lead to make it "whiter," which means clear-toned colors.

The finished product on the house is a "beautiful, elastic tough protective coating."

We call these paints "Fuller's Specification House Paints" because they are the very best made for the purpose.

ANNEXATION PLANS TO RECEIVE AID FROM C. OF C.

Laurel District Will Gain Held as Result of Plea Made by John R. Grey

Appointment of a committee to take charge of the Laurel district annexation was made by the Chamber of Commerce board of directors at their meeting yesterday afternoon at the request of John R. Grey who headed the work of circulating the petition for an election to bring that portion of Los Angeles county lying between here and Burbank into this city.

C. Ellsperman, J. Connors, E. H. Botsford, H. J. Edwards, George Rhea, H. M. Griffin, E. D. Hamlin and Victor Carlson were named to assist Mr. Grey in presenting the proposition to the voters of the district, they being residents of the vicinity concerned. Burbank boosters are actively opposing Glendale in the matter so it is up to the interested citizens to get busy and counteract the propaganda, according to Mr. Grey.

Many Routine Matters

The equipment committee of the Chamber was instructed to investigate the needs for additional furniture, etc., for headquarters when it moves into the Citizens' building. Directors R. D. White and George Bentley were named by Vice-President Jesse E. Smith to confer with the building corporation on the subject of rental.

A letter thanking the Pacific Electric for its reduction in fares for residents of Vine avenue who are served by the Burbank line was ordered dispatched and Secretary James M. Rhoades was asked to arrange for a conference of the railroad committee with F. S. McGinnis, general passenger agent of the Southern Pacific, relative to obtaining more service at the station in southern Glendale.

The purchase of a Ford coupe for Chamber work was referred to committee after prolonged discussion as was the subject of an illustrated booklet to be published by A. Buchanan. Many other minor matters came before the board, including a discussion of local traffic regulations and it was decided to have Chief of Police A. O. Martin attend next week's luncheon meeting to state the department's policies regarding the enforcement of the motor vehicle laws here.

'No Woman Knows' at Glendale Today; From Ferber Story

The tragedy, comedy, pathos and humor of life itself unfold in "No Woman Knows," the screen adaptation of Edna Ferber's novel, "Fanny Herself," which is to be the principal attraction at the Glendale Theatre as a universal-Jewel production today and tomorrow.

Just as life unfolds in natural sequences of light and darkness, brightness and gloom, so does the story of "Fanny" develop on the screen in shadings of simple incidents, and moments of dramatic despair.

The story concerns a young girl who takes up the burden that killed her mother; the burden of providing for a brother who is supposed to be a genius. How she meets temptation, withstands it and finds eventual happiness, occupies the screen with one of its sincerest and strongest narratives.

An all-star cast has been assembled by Universal for the story, headed by Mabel Julienne Scott. Others in the cast are Earle Schenck, Stuart Holmes, Max Davidson, John Davidson, Grace Marvin, E. A. Warren, Richard Cummings, Joseph Swickard, Snitz Edwards, Danny Hoy, Raymond Lee, Bernice Radon, Eugenie Forde and Dorothy Dehn. "An Eastern Westerner," another of Harold Lloyd's famous comedies, and the latest Pathe News complete the bill.

Guy H. Gibbs Has Completed Moving Supplies of Paint

Guy H. Gibbs of Pasadena, who last August purchased the paint stock from the Western Wholesale Paint company, 710 East Broadway, today finished moving his stock and supplies to 704 West Broadway, in the building of the branch Los Angeles Trust and Savings bank.

Mr. Gibbs has been busy moving for the past few days, as he has a large stock, but is now established and ready for business in his new quarters. The new store building is much larger and will give the proprietor ample room for displaying his large assortment of paints, wall paper, roofing and wall board.

Since purchasing the stock from the Western Wholesale Paint company Mr. Gibbs has been very pleased with the extensive patronage accorded him, and is a firm believer in Glendale and its future possibilities.
